PROFILE

Enthusiastic Computer Science graduate and Full Stack Developer with hands-on experience in developing real-world web applications using the MERN stack. Proficient in JavaScript, React.js, Node.js, Express.js, MongoDB, and Tailwind CSS, with experience in frontend and backend development, REST APIs, debugging, and bug fixing. Completed B.Tech in Computer Science & Engineering from Vivekananda Institute of Technology (2022–2026). Strong problem-solving skills with a passion for building scalable and user-friendly web applications.

TECHNICAL SKILLS

Programming Languages: C++, Java, JavaScript; Good understanding of OOP concepts.

Web Technologies: HTML, CSS, JavaScript, React.js, Vite, Next.js, Node.js, Express.js, MongoDB, Tailwind CSS.

Database & Tools: MySQL, Git, GitHub, VS Code.

Computer Fundamentals: Data Structures and Algorithms (DSA), DBMS.

EXPERIENCE

Full Stack Developer Intern

CodeQlik IT Solutions

March 2026 – Present

Jaipur, Rajasthan

Developing and maintaining real-world web applications using the MERN stack, working across both frontend and backend development.

Built and enhanced responsive user interfaces using React.js, JavaScript, Tailwind CSS, and modern frontend practices.

Developed and integrated backend functionality using Node.js, Express.js, REST APIs, and MongoDB.

Worked on real-world projects, handling feature development, bug fixing, debugging, testing, and performance improvements.

Collaborated with team members to understand requirements, implement features, resolve issues, and deliver project tasks within deadlines.

Web Development Intern

Skillcraft Technology

2024

Remote

Enhanced front-end development skills by working on real-world web pages using HTML, CSS, and JavaScript.

Developed industry-level coding habits and teamwork skills through online collaboration.

PROJECTS

Clothing E-Commerce Website

MongoDB, Express.js, React.js, Node.js, Tailwind CSS

2026

Developed a full-stack MERN e-commerce website for clothing products with a responsive and user-friendly interface.

Implemented product listing, product details, cart management, and user authentication features.

Created REST APIs using Node.js and Express.js for managing products, users, and orders.

Used MongoDB for storing product, user, and order data efficiently.

Designed modern UI components using React.js and Tailwind CSS for a smooth shopping experience.

Personal Portfolio Website

React.js, HTML, CSS, JavaScript, React Router

2026

Developed a personal portfolio website to showcase projects, skills, and achievements using React.js.

Designed a modern and responsive UI with custom CSS and implemented smooth navigation using React Router.

Deployed the application and optimized performance for better user experience.

QR Code Generator

Node.js, Express.js, EJS, qrcode library

Developed a web-based QR Code Generator using Node.js and Express.js.

Implemented server-side QR code generation and used EJS templating for dynamic rendering of images.

Handled form data using Express middleware and designed a clean, responsive UI.

2025

Weather Forecast App

HTML, CSS, JavaScript, API Integration

Developed a web-based application that displays real-time weather details including temperature, humidity, and wind speed using API integration.

Designed a responsive and user-friendly interface using HTML and CSS.

Implemented JavaScript for API calls, data handling, and dynamic content rendering with error handling for invalid inputs.

2024

EDUCATION

Vivekananda Institute of Technology

B.Tech in Computer Science (CGPA: 9.28)

Senior Secondary (RBSE)

Percentage: 86.80%

Secondary (RBSE)

Percentage: 91.00%
